

Tour for Stackers and their family.

😊 Copenhagen on foot 😊

Wednesday, August 3.

The program:

16.00 Rundetaarn (The round Tower).

For those interested, you can start this tour by visiting "Rundetaarn".

The tower is 41 meters tall with a platform at the top. Take a step back in time as you walk up the spiral path to the top. A Russian Tsar once rode up on a horse! The entrance is DKK 40 (around 5,5 euro).

17.00. Official start of the tour.

Our own guide will meet us at the foot of Rundetaarn. He will take us through central Copenhagen.

We will pass beautiful and historical buildings, castles, churches and squares and end the tour at Amalienborg (the Queen's residence).

Our guide will tell us about what we pass and there will be time to take photos.

20.00 The tour ends.

The tour ends at Amalienborg. There is a Metro station 200 meters away ("Marmorkirken").

For those interested, we can continue to the nearest "poelsevogn" to have a classic Danish hotdog for dinner.
