WHAT IS "SPORT STACKING"

Sport Stacking is an individual and team sport where participants stack 12 specially designed cups (Speed Stacks®) up and down in pre-determined sequences. This unique sport promotes hand-eye coordination, ambidexterity, concentration, teamwork and sportsmanship. Sport stacking competitions are open to all ages and abilities! The World Sport Stacking Association's vision is A World that Stacks and our motto is that We only build Positive Pyramids! Come stack with us!

Sport stacking not only develops important physical skills, such as hand-eye coordination, quickness and focus; it also promotes selfconfidence, teamwork and good sportsmanship. Our intent is to uphold these qualities and provide a positive experience for all."
